The Managing Director,
Ride-on Tyre Protection System,
Bauer Invements Ltd,
13, Association Avenue, a
Ilupeju,
Lagos.

Dear Sir,

RE: RIDE-ON TYRE PROTECTION SYSTEM

We refer to the presentation on the above tyre protection system to enhance road safety. We acknowledge the usefulness of such a system and endorse its use in the industry.

You may however wish to market your product directly to end users as the Department does not engage in marketing activities.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'D Bassey'.

“RIDE ON” TYRE PROTECTION: A WONDERFUL SAFETY PRODUCT

For about two years, I have enjoyed the great benefits provided by the Ride on tyre protection product.

Initially, when the product was introduced to me by Mr. Ochei Moore, I was quite skeptical. But with his assurances, I decided to give it a try.

It proved so real that I did not only apply it to all my cars but has since gotten my Church – RCCG, Olive Tree Parish, Ikoyi and friends to use it.

An incident once happened around the Benin Bye-pass while I was travelling nearly two years ago. The bad boys suddenly threw a long nail - studded wood across the road as my car approached them. The four tyres ran over the nails and everyone in the car was quite apprehensive. Surprisingly none was deflated. Thus we were saved from being robbed. All my vehicle tyres have also lasted since I started using the product.

The product comes highly recommended for its safety and cost effective benefits.

Letter of Recommendation

I Fasehun Olumuyiwa of Helvetica Nigeria Limited, recommend the services of Ride-On Tyre Protection System to all road going vehicles.

I have patronized their services and attest to the genuity of Tyre Protection System and its ability to prevent avoidable accidents due to tyre blow-outs, air leakage, etc.

It is with all sincerity that I recommend this highly commendable innovation to all owners of large fleets, private cars and commercial vehicles.

Let us join hands to minimize avoidable accidents resulting from tyre failure on our roads,

Thank you.

LETTER OF SATISFACTION

We are glad to inform you that your **Ride - On Tyre Protection** is an effective product. It has helped the company to ensure safety of her personnel when driving and reduced the cost of purchasing tyres unnecessarily for our fleet of vehicles.

The advantage of using the product is immensely important. It is really an "Ultimate Puncture Protection".

Okeke Kingsley Chinedu

Assistant Admin Manager.
